

# Free Library of Northampton Township Memorial and Honor Book Program

Say it with Books!

Memorial Books are thoughtful, tangible ways to celebrate the memory of a loved one. Honor Books may mark a special occasion (birthday, wedding or anniversary), glory in an achievement (graduation, new job), or just say "I love you" to an exceptional person or pet.

## **How does it work?**

The donor fills out the library's Memorial and Honor Book Program form which asks for information about you, the donor, and about the person being memorialized or honored.

You may specify a subject area for the book (see suggestions listed on other side) or the librarian will select a book in an area in need of new materials.

## **How much does it cost?**

Donations start at \$25.00. A larger gift enables the library to purchase a more expensive book or more than one \$25.00 book. The gift is tax deductible.

## **Where will my gift go?**

Your gift of a book will go onto the shelves of the Free Library of Northampton Township where it can be enjoyed by all.

## **Will an acknowledgement be sent?**

Yes. An acknowledgement goes to both the donor and the family of the person memorialized or to the person being honored. A bookplate naming the donor and the person recognized is placed in the front of each book.

## **How long does it take?**

Each order is handled personally. Book orders can take about a month plus there is time needed to process specially requested books and this may take a week or two after that.

## **How long will the book be in the library?**

Memorial/Honor books are lasting tributes. Gift items will be withdrawn from the collection according to the same principles used with any purchased items, and the library cannot assume responsibility for notifying the donor of the withdrawal nor will the library be responsible for replacing lost copies or worn-out copies of the gift item.

# Subject Area Suggestions

Browse the areas below or consult with a librarian if you require help in selecting a topic area.
